Summer Training: Starts May 12th! Start getting those dogs in shape.

Article on Wally's Clinic: Sherry submitted an article with wonderful photos to International. A wonderful article was written and published. Sherry sent the article to ND Game and Fish and received a personal *Thank You* letter from Terry Steinwand...

"Sherry, Thank you for the great letter and associated article you sent. After a long, hard winter and the challenges associated with it in conjunction with a legislative session, your letter was the best pick me up I could have received! It's great to know that the grants we administer are going toward such projects. Hopefully you apply and receive another one in 2009. Thanks again, Terry"
